

ONE OF THE BEST friends a man can have both these days and after the war, is a nice little piece of paper.

A crisp green-and-white paper that 10 years hence is going to bring in an extra dollar for every three you put in now.

A piece of paper that can help bring you comfort, peace of mind, security. A War Bond.

That's why, when times are good, and you're making a little extra money, you

should collect as many of those pieces of paper as you possibly can. Common sense will tell you that you can't collect too many.

So buy War Bonds. Keep on buying more and more War Bonds. Hang onto them—don't be tempted to cash them in. For after the war you'll have some mighty fine friends in your fistful of War Bonds!

Finance Committee Meet And Elect Officers

The Finance Committee of the town held an important meeting at Town Hall on Tuesday evening August 8 for the purpose of organizing and conferring upon town matters with the Selectmen and the town accountant. All members were present except Mrs. J. V. McNeil, who is spending a vacation in Maine. The vote by ballot resulted in the election of A. Gordon Moody as chairman and Mrs. McNeil as secretary. Chairman Holton of the Selectmen introduced several items for consideration and Mr. Doolittle presented the town's trial balance for review and checking.

Schools Receive Amount From Hunting Estate

Henry R. Hunting of Springfield pledged to the endowment fund of the Northfield schools the sum of \$100,000 in 1930 and of this amount he had paid \$25,000 previous to his death. He was head of a wholesale book distributing firm. His executors who are settling his estate have paid the sum of \$45,000 to the schools in settling his subscription by order of Judge Denison in the Probate court of Hampden county. This compromises the claim for the full balance made by the schools.

Morse Named Trustee

Samuel E. Walker, a member of the Library trustees, whose term expires in January 1946, has tendered his resignation as a member of that body owing to his recent removal to Providence, R. I. The resignation was accepted with much regret and with appreciation for his efforts in behalf of the Library and its administration. The vacancy created has been filled by the naming of Prof. Horace L. Morse for the unexpired term. Prof. Morse is a member of the faculty of Mount Hermon school and has been a resident of Northfield for many years. He is well known as a historian and a lecturer upon authoritative subjects. His readings and his travels have well qualified him to be of essential service to the library and its patrons in serving as a member of its administrative board.

Camp Purchase Land

Camp Anderson at Lake Wyola, in which several of our citizens are interested and visit, have recently acquired the adjoining Plimpton farm house and thirty two acres of land. The house will be dedicated as the "Hawley House" in honor of Rev. John A. Hawley of Amherst, who has accomplished much in the success of the camp. Rev. Herbert Dixon of Leverett serves the camp as business manager which affords at cost vacation periods for young boys and girls in this territory.

Given Higher Rank

Information comes from the headquarters of the 15th AAF in Italy that Charles H. Taber, son of Prof. and Mrs. Charles F. Taber, formerly of this town, has been promoted to the rank of first lieutenant. He is a navigator of the bombardment squadron and received his commission on August 21, 1943, being stationed at Langley Field, Va., before leaving the United States for his foreign assignment. He is a graduate of M. I. T. in the class of 1942.

The Mail Overseas To The Armed Forces

The period September 15 to October 15 has been designated as the time when packages intended for members of the armed forces to be received at the Christmas season must be mailed from Northfield. This applies to the mailing of overseas packages. Remember October 15 is the deadline for mailing. See that your packages are wrapped securely and properly addressed if in doubt on any matter consult your postmaster.

Vernon Dam Federalized

There is Federal control of the waters of the Connecticut River and another step is the announcement of the Federal Power Commission at Washington that it has issued a federal license jointly to the New England Power Company and the Connecticut River Power Company for the operation of the hydroelectric project known to us as the Vernon dam plant. Joint application was made by the power companies for the federal license upon the contention that the project is interstate in character and subject to Federal jurisdiction.

Get Fuel Oil Now

Householders, and business building owners, and all others needing fuel oil for coming fall and winter months should lay in a supply now "while deliveries can still be made," David L. Topham of the Office of Defense Transportation warned today. He urged that New England users especially should place their orders now because of favorable weather conditions for deliveries.

Houses Are Needed

There is a growing and steady demand for furnished and unfurnished houses with modern improvements and well located in this town. Some seven or eight applications are now on the waiting list for houses of seven to eight rooms and several for a lesser number. Three applications are listed for small farms. If you know of or have any property available for rent or sale, kindly communicate with Mr. Hoehn, tel. 536, for a personal interview. Have two applications for a summer home at a reasonable price.
